Version 1.4.9.0b

Last Modified on 11/09/2026 9:57 am EST

- **SKYR-1556 / Energy Map User Logging** – Additional logging is added in this version to track settings per user. Map.log files (can be up to 3 files) contain this information and can be located in the users *AppData / EnergyMap / Cache* folder. This map version also displays the User login information located in the *Settings* menu as shown in the image below.

  - **Why** – To see which user is logged in for filter preferences.
  - **When/Where** – Users *AppData / EnergyMap / Cache* folder.
  - **Action Required** – No action required.
